**Active Shooter Response :** Intense 2-day course designed to introduce police officers to the skills necessary for responding to and resolving Active Shooter Events in public settings. The course will immerse students in the training, planning and preparation, team concept and formations, and the application of the tactics necessary to limit loss of life and injuries. Students will participate in exercises to learn to control handguns, rifles, and shotguns while moving in team formations. Students will be exposed to the stress associated with tactical operations through Simunition ® exercises. **Tuition \$ 350**

**Requirements:** Students should be equipped with clothing appropriate for indoor and outdoor operations in all weather, brimmed hat, and a water supply system. Students should bring duty leather gear, patrol rifle or shotgun. Food or snacks for long term tactical operations are advised. No live ammunition required.

**Tactical Life Saver (TLS):** This one day course has been designed to meet the needs of the sworn law enforcement officer to provide both team and individual medical care. The course teaches how to apply medicine in a tactical environment using the US Military Combat Life Saver course as a foundation but applying domestic Law Enforcement requirements and circumstances. **Tuition \$ 250**

**Package Price when registering for both courses: \$500**

**To Register:** You must register on-line at [www.FrontRangeTraining.com](http://www.FrontRangeTraining.com) and click on the registration page or by calling Front Range Training & Consulting, LLC at 970-622-8024, no walk-ins allowed.
